That House Bill No. 463 be further amended by striking all of the material following the enacting clause and inserting in lieu thereof the following:

"Section 1. The legislature reaffirms the tradition of the state of Montana to protect every human life whether unborn or aged, healthy or sick. In keeping with that tradition we reaffirm that an embryo and fetus has potential life and that the State of Montana has a compelling interest in protecting that potential life and that the only interest which may override the compelling interest of the state is the necessity of preserving the existing life of the prospective mother.

Section 2. Every person who provides, supplies, or administers to any pregnant woman, or procures any such woman to take any medicine, drug, or substance, or uses or employs any instrument or other means whatever, with intent thereby to procure the miscarriage of such woman, unless the same is necessary to preserve her life, is punishable by imprisonment in the state prison not less than two (2) years nor more than five (5) years.

Section 3. Every woman who solicits of any person any medicine, drug, or substance whatever, and takes the same, or who submits to any operation, or to the use of any means whatever, with intent thereby to procure a miscarriage, unless the same is necessary to preserve her life, is punishable by imprisonment in the state prison not less than two (2) years nor more than five (5) years.

Section 4. (1) No abortion may be performed in the state of Montana unless:

(a) Such abortion is performed in a hospital or clinic by a physician currently licensed by this state.

(b) The operation is performed before approximately the end of the first trimester; or, if after approximately the end of the first trimester, only according to procedures approved by the state board of health; but not after viability or approximately the end of the sixth month unless the same is necessary to preserve the mother's life.

Section 5. Nothing in this act shall require any hospital, clinic or any person to participate in such abortion, nor shall any hospital, clinic or person be held liable for such refusal, nor shall the same be subject to any disciplinary or recriminatory action for such refusal, nor may refusal by any person to participate in abortion be made a consideration in employment practices of any medical facility.

Section 6. The state board of health shall establish regulations and reporting procedures to implement the provisions of this act. The names of all persons submitting to an abortion shall remain confidential.

Section 7. Every person who performs an abortion or submits to an abortion in violation of any portion of this act, or fails to comply with the reporting provisions of Section 6, is punishable by imprisonment in the state prison not less than two (2) years nor more than five (5) years.

Section 8. It is the intent of the legislature to restrict abortion to the extent permissible under later decisions of the appropriate courts or paramount legislation. Should such decisions or paramount legislation permit further restrictions at any time hereafter, this act shall be deemed to include such further restrictions, the legislature not hereby delegating authority, but intending, rather, to preserve the restrictions in such sections to the greatest extent possible.

Section 9. It is the intent of the legislature that if a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid application.

Section 10. Sections 94-401 and 94-402, R.C.M. 1947, are hereby repealed.

(c) review from time to time, at intervals of not more than three years, established classifications of waters and standards of water purity and classification, provided that

(1) such classifications, standards, and rules as have been adopted by the State Water Pollution Control Council under Section 133, Chapter 197, of the Laws of 1967 (69-4813) shall be deemed, without necessity of a hearing, to have been initially adopted by the board;

(2) in revising classifications or standards or in adopting new classifications or standards the board may not so formulate standards of water purity or classify any state water as to lower any water quality standard applicable to any state water below the level applicable under the classifications and standards adopted by the State Water Pollution Control Council under Section 133, Chapter 197 of the Laws of 1967 (69-4813).

(3) the board shall require that any state waters whose existing quality is better than the established standards as of the date on which such standards become effective be maintained at that high quality unless it has been affirmatively demonstrated to the board that a change is justifiable as a result of necessary economic or social development and will not preclude present and anticipated use of such waters, and

(4) the board shall require any industrial, public, or private project or development, which would constitute a new source of pollution or an increase source of pollution to high quality waters, referred to in (3) immediately above, to provide the degree of waste treatment necessary to maintain that existing high water quality;

(d) advise, consult, and cooperate with other state and federal agencies, affected groups, political subdivisions, and industries in the formulation of a comprehensive plan to prevent and control pollution;

(e) make rules governing application for permits to discharge sewage, industrial wastes, or other wastes into state waters including rules requiring the filing of plans and specifications relating to the construction, modification, or operation of disposal systems;

(f) make rules governing the issuance, denial, modification, or revocation of permits, provided, however, that:

(1) the rules shall allow the issuance or continuance of a permit only if the department finds that operation consistent with the limitations of the permit will not result in pollution of any state waters, except that

(2) the rules may allow the issuance of a temporary permit under which pollution may result, for a period no longer than three years and subject to no extension, if the department finds that the issuance of such a permit is proper for obtaining compliance with the applicable standards, that

(3) the rules shall provide that the department may revoke any permit if the department finds that the holder of the permit has violated its terms, unless the department also finds that the violation was accidental and unforeseeable and that the holder of the permit corrected the condition resulting in the violation as soon as was reasonably possible; and that

(4) any person introducing a new source or increased source of sewage, industrial waste, or other wastes as defined in Section 69-4802 (1), (2), and (3), R.C.M. 1947, to waters and tributaries of waters classified as A—open—D—1 or higher by the board shall be required to install and maintain the highest and best degree of treatment works necessary to maintain adequately said classification, as defined in Section 69-4802 (7), R.C.M. 1947, prior to the issuance of a permit by the department;

(g) hold any hearings necessary for the proper administration of this Chapter;

(h) make rules for the administration of this Chapter;

(i) bring actions in court for the enforcement of this Chapter, and

(j) promulgate and adopt pretreatment standards for wastewater discharged into a municipal disposal system, promulgate and adopt effluent standards as defined in Section 69-4802 (20), and establish standards of performance for new point source discharges.

(2) The board may:

(a) accept loans and grants from the federal government and from other sources to carry out the provisions of this Chapter; and

(b) establish minimum requirements for the treatment of wastes.

Section 3. Section 69-4809.1, R.C.M. 1947, is amended to read as follows:

(d) collect and furnish information relating to the prevention and control of water pollution; and

(e) conduct or encourage necessary research and demonstrations concerning water pollution.

(f) issue orders to any person to clean up any material which he or his employee, agent, or subcontractor has accidentally or purposely dumped, spilled, or otherwise deposited in or near state waters and which may pollute them.

Section 4. There is a new Section to be numbered 69-4809.2, R.C.M. 1947, which reads as follows:

"69-4809.2. Power to inspect and monitor—authority. (1) In order to carry out the objectives of this act and to effectively monitor the discharge of sewage, industrial wastes and other wastes into state waters, the department may require the owner or operator of any point source to:

- (a) establish and maintain records;
- (b) make reports;
- (c) install, use and maintain monitoring equipment or methods, including biological monitoring techniques;
- (d) sample effluents using specified monitoring methods at designated locations and intervals;
- (e) provide other information as may be reasonably required by the department.

(2) The authorized representative of the department, upon presentation of his credentials, may at reasonable times enter upon any public or private property and have access to and copy any records required under this act, inspect any monitoring equipment or method required under Subsection (1) (c), and sample any effluents which the owner or operator of such source is required to sample under that Subsection.

(3) Any records, reports or information obtained under this Section shall, in the case of effluent data, be related to any applicable effluent limitations, toxic, pretreatment, or new source performance standards."

Section 5. There is a new Section to be numbered 69-4820.1, R.C.M. 1947, which reads as follows:

"69-4820.1. Additional enforcement remedies. (1) In addition to all other remedies created by this act, the department is authorized to take appropriate enforcement action to:

- (a) prevent, abate, and control the pollution of state waters;
- (b) prevent, abate, and control any violation of a condition or limitation imposed by a permit issued under Section 69-4806, R.C.M. 1947;
- (c) prevent, abate, and control any violations of regulations relating to pretreatment standards.

(2) Any person violating a condition, limitation, standard or other requirement established pursuant to this Section may be served with a compliance order issued by the department. Such order must specify the condition, limitation, standard or other requirement violated and must set a time for compliance. However, in establishing a time for compliance, the department shall take into account the seriousness of the violation, and any good faith efforts that have been made to comply with the condition, limitation, standard or other requirement that has been violated. The compliance order issued under this Section shall be personally served by an authorized employee of the department.

(3) The department is authorized to commence a civil action seeking appropriate relief, including a permanent or temporary injunction, for any violation which would be subject to a compliance order under Subsection (2) of this Section. Any action under this Subsection may be commenced in the district court of any county in which the defendant is located or resides or is doing business, and the court shall have jurisdiction to restrain such violation and to require compliance.

(4) Any person found to be in violation of a condition, limitation, standard or other requirement established pursuant to this Section shall be subject to the penalty provisions of Section 69-4823, R.C.M. 1947.

(5) For the purpose of this Subsection, the term "person" shall mean, in addition to the definition contained in Section 69-4802, R.C.M. 1947, any responsible corporate officer.

Section 6. Section 69-4823, R.C.M. 1947, is amended to read as follows:

(1) A person who violates any [provision of this Chapter other than Section 16 of this act, or any] rule, permit, effluent standard, or order issued pursuant to the provisions of this act [is] shall be subject to a [fine] civil penalty not to exceed [one] ten thousand dollars [(\$1,000)] (\$10,000). Each day of a violation constitutes a separate offense.

(2) [Any] A person who wilfully violates Section [16] 69-4806, R.C.M. 1947, or any pretreatment standard established pursuant to this act is guilty of an offense and subject to a fine not to exceed [one] twenty-five thousand dollars [(\$1,000)] (\$25,000) per day of violation, or by imprisonment for not more than one year or both.

Following an initial conviction under this Subsection, subsequent convictions shall subject a person to a fine of not more than fifty thousand dollars (\$50,000) per day of violation, or imprisonment for not more than two (2) years, or both.

(3) Action pursuant to Subsection (1) of this Section does not bar enforcement of this Chapter or of rules or orders issued pursuant to it by injunction or other appropriate remedy. The board shall institute and maintain any and all such enforcement proceedings in the name of the state.

(4) A purpose of this Chapter is to provide additional and cumulative remedies to prevent, abate and control the pollution of state waters. This Chapter shall not be construed to abridge or alter rights of action or remedies in equity or under the common law or statutory law to suppress nuisances or to abate pollution.

(5) All fines collected shall be deposited to the credit of the department, to be used to alleviate pollution for which no person subject to action by the department or board is responsible.

(6) Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan or other document filed or required to be maintained under this act or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required to be maintained under this act shall upon conviction be punished by a fine of not more than ten thousand dollars (\$10,000), or by imprisonment for not more than six (6) months, or both.

(7) In a civil action initiated by the department under this act, the department may ask for and the court is authorized to assess a violator for the cost of the investigation or monitoring survey which led to the establishment of the violation, and any expense incurred by the state in removing, correcting or terminating any of the adverse effects upon water quality resulting from the unauthorized discharge of pollutants."

Section 7. There is a new Section to be numbered 69-4824.1, R.C.M. 1947, which reads as follows:

"69-4824.1. Additional emergency powers. Notwithstanding any other provisions of this act, the department upon receipt of evidence that a pollution source or combination of sources is endangering the health, welfare, or livelihood of a person may bring suit in the district court of any county in which the defendant is located or resides or is doing business to enjoin the discharge of pollutants causing or contributing to the alleged pollution."

And, as amended, do pass.

Helena, Montana

Dear Mr. Speaker:

I have the honor to inform you that I have this day approved the following measures:

House Bills Nos.: 174, 262, 332 and 459.

Sincerely,

THOMAS L. JUDGE  
Governor

cc: Honorable Bill Christiansen

March 10, 1973

Honorable Bill Christiansen  
President of the Senate  
State Capitol

Honorable Harold Gerke  
Speaker of the House of Representatives  
State Capitol

Sirs:

I am returning H.B. 236 without my signature.

In my opinion this bill only adds another method for fire protection in unincorporated areas where there are already several adequate ways to develop fire protection methods under existing laws. If this bill were enacted, it would superimpose another system of fire protection, where adequate methods are already available. If present methods of fire protection are not adequate, the present laws should be amended, and not new laws added to the law books.

The system of financing fire territories as provided for in this bill is very questionable in that fire territory corporations would be financed out of the general fund of the counties. This would place the burden of financing these corporations on the populace of the entire county, instead of the property owners whose lands are being protected. I believe this system of financing creates both propriety and constitutional problems.

For these reasons, I cannot concur in the passage of H.B. No. 236.

Very truly yours,

THOMAS L. JUDGE  
Governor

WHEREAS, these programs in Montana have demonstrated a marked ability to improve health care in underserved and rural areas by support and training of health workers by assisting in the development of intensive coronary care units, oral cancer clinics, and consumer education projects, diabetes management and stroke rehabilitation, heart-kidney prevention, early recognition of cancer and other health problems, and

Introduced by Kendall, Roberts, Healy, Baeth, Lee, Menahan, Kessner, Bradley, Sheldon, Lynch, Quilici, Mehrens, Lombardi, Kosená, Flynn, Gunderson, Hodges, Baucus, Kimble, Colberg.

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE SECRETARY OF THE DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT TO

## REINSTATE LETTERS OF FEASIBILITY TO PERMIT COMPLETION OF SECTION 236 SENIOR CITIZENS' APARTMENT PROJECTS.

WHEREAS, the Montana office of the Department of Housing and Urban Development, after careful processing of the detailed and lengthy applications for FHA insured loans for the Thompson Falls Lions Manor at Thompson Falls, Grand View Plaza at Great Falls, Columbus Plaza at Butte, and Darlington Manor at Bozeman had issued letters of feasibility after carefully determining these public housing projects were sound, well-developed, and completely justifiable, and

WHEREAS, these projects will provide facilities for senior citizens over sixty-two (62) years of age of a nature not currently available and fill a need in providing housing for widows who no longer desire or are able to maintain individual dwellings, and

WHEREAS, our federal government has made a legal and moral commitment for FHA-insured loans for these projects, and

WHEREAS, the popularity and complete desirability of these projects is shown by the fact that all of the currently operating Section 236 senior citizens' apartment projects in the State of Montana have a waiting list of senior citizen applicants, and

WHEREAS, these projects are nonprofit and sponsored by local units of recognized national organizations.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Secretary of the Department of Housing and Urban Development is strongly requested to reinstate those letters of feasibility so urgently needed in order to complete the projects at Thompson Falls, Great Falls, Butte, and Bozeman.

BE IT FURTHER RESOLVED, that a copy of this Resolution be sent to the Secretary of the Department of Housing and Urban Development.

## HOUSE RESOLUTION NO. 32

Introduced by Driscoll, Roberts, Mehrens, Marbut.

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE PRESIDENT OF THE UNITED STATES AND THE ADMINISTRATOR OF SOCIAL AND REHABILITATIVE SERVICES OF THE DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE TO RECONSIDER THE NEW REGULATIONS GOVERNING ASSISTANCE TO MENTALLY RETARDED PERSONS.

WHEREAS, the House of Representatives of the State of Montana acknowledges the administration's concern over growing costs of government, and the increasing importance and need of social programs; and

WHEREAS, in the last session, Congress limited expenditures for the social services program to \$2.5 billion to be allotted to the states on the basis of population; and

WHEREAS, the new regulations of the social and rehabilitative services division of the department of health, education and welfare will hold spending far below that level by limiting eligibility and by other barriers to effective use of social services funds; and

WHEREAS, Congress specifically exempted mentally retarded persons from the requirement that ninety percent (90%) of the clients must be current welfare recipients since many mentally retarded citizens are not on welfare rolls but are often placed in dehumanizing institutions or can become an unconscionable burden upon their families; and

WHEREAS, the new regulations may subvert the intent of Congress; and

WHEREAS, in 1971 the President challenged the states to return one-third (1/3) of their institutionalized retarded citizens back to their home communities by 1980; and

WHEREAS, by 1973, Montana has reduced the resident population at the Boulder River School and Hospital by twenty-six percent (26%), by returning substantial numbers of persons to their home communities; and

WHEREAS, the new regulations have drastically reduced the funds necessary to accomplish this goal; and

WHEREAS, a family can remain intact at minimal cost contrasted to the cost to the state of five thousand dollars (\$5,000) a year to maintain one (1) child in an institution; which adds up to two hundred fifty thousand dollars (\$250,000) for a person who remains institutionalized for fifty (50) years; and

WHEREAS, the new regulations prohibit the use of local, private contributions as matching money, thereby eliminating one very meaningful source of matching dollars; and

WHEREAS, this prohibition will force an added tax burden upon the counties, or will force the state to carry the whole burden.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That this house protests the recent changes and requests the President of the United States and the administrator of the social and rehabilitative services, department of health, education and welfare, to reconsider the new regulations governing the provisions of social services under the Social Security Act, titles I, IVA, X, XIV, XVI; and to reinstate the former regulations.

BE IT FURTHER RESOLVED, that copies of this Resolution be sent to Mr. Richard M. Nixon, President of the United States, members of the Montana Congressional delegation, and Mr. Philip J. Rutledge, Acting Administrator of Social and Rehabilitative Services, Department of Health, Education, and Welfare.

## MESSAGES FROM THE GOVERNOR

Honorable Harold Gerke  
Speaker of the House of Representatives  
Capitol  
Helena, Montana

Dear Mr. Speaker:

I have the honor to inform you that I have this day approved the following measures:

HOUSE JOURNAL—SPECIAL SESSION  
FORTY-THIRD LEGISLATIVE ASSEMBLY

House Joint Resolutions No.: 5, 14, 16, 21, and 22.

House Bills No.: 13, 18, 60, 61, 84, 85, 99, 110, 126, 143, 167, 168, 196, 204, 238, 249, 277, 296, 329, 346, 352, 402, 404, 420, 455, 543, 548, and 549.

Sincerely,

THOMAS L. JUDGE  
Governor

cc: Honorable Bill Christiansen

March 16, 1973

Honorable Harold Gerke  
Speaker of the House of Representatives  
Capitol  
Helena, Montana

Dear Mr. Speaker:

I have the honor to inform you that I have this day approved the following measures:

House Bills No. 127, 142 and 144.

Sincerely,

THOMAS L. JUDGE  
Governor

cc: Honorable Bill Christiansen

March 16, 1973

Honorable Bill Christiansen  
President of the Senate  
State Capitol

Honorable Harold Gerke  
Speaker of the House of Representatives  
State Capitol

Sirs:

In exercising the constitutional powers granted me as the Governor of Montana, I hereby veto House Bill No. 105, "an act to amend Section 19-107, R.C.M. 1947, changing the official dates of the Veterans' and Memorial Day holidays." I exercise this veto for several reasons.

First, the Congress of the United States has already declared by law that the major American holidays should be celebrated by all Americans on the same day. By signing House Bill No. 105, that federal policy would be directly contravened.

Second, I believe that it is in the best interests of state government to celebrate the major American holidays on the same day that all other state and federal governmental entities honor the great events in American history. If we are truly interested in efficient state government, then we should not require state employees to work on those days when the rest of the nation is at rest. Conversely, we should not close down state government when the rest of the nation is at work.

Furthermore, the provisions of this measure would result in considerable confusion for the business community. Financial institutions, retail and wholesale outlets and schools would be placed in the dilemma of deciding when to close or whether to close at all in observance.

Finally, I have vetoed House Bill No. 105 because I believe that no greater honor can be bestowed upon our deceased and living veterans than to have

the entire nation pause in unison to remember the soldier's contribution to American heritage.

Sincerely,

THOMAS L. JUDGE  
Governor

(16) "Holder of a current Montana retail liquor or beer license" means a person who holds a current Montana liquor or on premises beer license.

Section 3. Licensing authority—powers—duties. The state department of revenue is hereby designated as the "licensing authority" of this act. The department shall be in charge of enforcement of the terms and provisions of this act and, as state licensing authority, its powers and duties shall be as follows:

(1) To grant licenses under this act. Each applicant for a license to be issued under the provisions hereof shall file with the licensing authority a written application in duplicate in the form prescribed by the licensing authority, duly executed and verified, and in which shall be stated:

- (a) the name and address of the applicant;
- (b) sufficient facts, as prescribed by the licensing authority relating to the organization and operation of the applicant;
- (c) the names and addresses of its officers;
- (d) the specific kind of games of chance intended to be held, operated and conducted by the applicant;
- (e) the place where such games are intended to be held, the dates and time that the games are intended to be held, and,
- (f) such other information as shall be deemed advisable by the licensing authority to insure that the applicant falls within the provisions of this act.

(2) The department of revenue may, in its discretion, issue a license to an applicant. The license shall be valid for one year and shall be issued upon payment of a one-hundred dollar (\$100) license fee. A licensee may hold only one (1) license and that license is valid for only one (1) location.

Section 4. Form of license—display of license. Each license shall contain a statement of the name and address of the licensee, of the names and addresses of the member or members of the licensee under whom such games of chance will be held, operated and conducted, and the place where such bingo games or the drawing of the raffles are to be held. Each license issued for the conduct of any such game or games of chance shall

be conspicuously displayed at the place where the same is to be conducted or the drawing held at all times during the conduct thereof. The license shall be executed in duplicate and a copy shall be kept on file in the office of the department of revenue.

Section 5. Restrictions. The conducting of bingo or raffles is subject to the following restrictions:

(1) No person may receive any remuneration or profit for participating in the management or operation of bingo or raffles.

(2) A licensee may rent a premises on which to conduct bingo or raffles only from an organization which is also licensed under this act.

Section 6. Bingo—restrictions. The conducting of bingo is subject to the following restrictions:

Section 8. Licensing authority—adoption of regulations. The licensing authority is granted the authority to adopt and promulgate rules or regulations to implement and carry out the provisions of this act.

Section 9. The licensing authority may issue temporary licenses to organizations coming within the definitions in and provisions of Section 2 of this act but which do not wish to purchase an annual license. Such temporary licenses shall permit games of chance to such organization for a period not to exceed forty-eight (48) hours, the time to be specified in the temporary license. The fee for such temporary license is ten dollars (\$10), such fee to accompany the application therefore. The provisions of this act relating to applications and to restrictions upon games of chance apply to games of chance conducted under a temporary license. A licensee may not hold both an annual and a temporary license, nor may any licensee have issued more than three (3) temporary licenses during the calendar year. Unless the context of this act clearly prevents such construction, all provisions of this act apply to all aspects of the application for, possession and use of, and accounting for temporary licenses.

Section 10. Suspension and revocation of licenses. The department of revenue has the power on its own motion based on reasonable grounds or on complaint made and after investigation to suspend or revoke any license issued by the licensing authority for any violation by the licensee or any officer, director, agent, member or employee of such licensee of the provisions of this act or any rule or regulation authorized or adopted by the department of revenue. The department of revenue shall only suspend or revoke a license after notice and hearing pursuant to the Montana administrative procedures act, Title 82, Chapter 42, R.C.M. 1947.

Section 11. There shall be paid to the department of revenue two and one half percent (2½%) of the gross proceeds of all games of bingo and raffles conducted under the provisions of this act, and a further two and one half percent (2½%) of such gross proceeds shall be paid to the treasurer of the county in which such games of chance are held. Such payments shall be made four (4) times per year, by the fifteenth day of April, July, October and January for the quarter ending with the last day of the preceeding month. Payment must be by money order or certified check. Accompanying each payment shall be a report, on forms provided by the department of revenue, listing the number of games conducted, the gross income derived, the expenses incurred, and such other information as the department of revenue may require.

Section 12. In the playing of bingo, no person who is not physically present on the premises where the game is actually conducted shall be allowed to participate as a player in the game. Raffles authorized by this act shall be restricted to events and participants within the geographic confines of the State of Montana.

Section 13. No person under the age of eighteen (18) years shall be permitted to participate in any game or games of chance held, operated or conducted pursuant to this act.

Section 14. It shall be unlawful to conduct a game of chance authorized by this act in any manner which results in cheating, misrepresentation or other such disreputable tactics which distract from a fair and equal chance for all participants or which otherwise affect the outcome of the games of chance authorized by this act.

Section 15. It shall be the duty of all peace officers to enforce the provisions of this act and to arrest and complain against any person violating any provision of this act. It shall be the duty of the county attorney of the respective county to prosecute all violations of this act in the manner and form as is provided by law and it shall be a misdemeanor for any such person or persons to knowingly fail to perform his or her duty under this Section.

Section 16. Bingo and raffles as in this act authorized are exempt from the provisions of Section 94-3001 through 94-3011.

Section 17. Penalties. Every licensee and every officer, agent, or employee of the licensee and every other person who wilfully violates or who procures, aids or abets in the wilful violation of this act, or rules and regulations of the department of revenue shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than five hundred dollars (\$500) or imprisonment in the county jail for not more than three (3) months, or both, in the discretion of the court, and in the case of a corporation it shall be subject to a fine of not more than one thousand dollars (\$1,000).

Section 18. Severability clause. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provisions or application, and to this end the provisions of this act are declared to be severable.”,

And, as so amended, be concurred in.

HOUSE JOURNAL—SPECIAL SESSION  
FORTY-THIRD LEGISLATIVE ASSEMBLY

## MESSAGES FROM THE GOVERNOR

March 19, 1973

Honorable Harold Gerke  
Speaker of the House of Representatives  
Capitol  
Helena, Montana

Dear Mr. Speaker:

Pursuant to Section 43-504, R.C.M. 1947, I wish to inform this Honorable Body that on March 17, 1973 at 4:00 p.m. I returned H. B. 226 without my signature, and accompanied by my veto message, to the Honorable Harold Gerke, Speaker of the House of Representatives.

Sincerely,

THOMAS L. JUDGE  
Governor

March 17, 1973

Honorable Bill Christiansen  
President of the Senate  
State Capitol

Honorable Harold Gerke  
Speaker of the House of Representatives  
State Capitol

Sirs:

In exercising the constitutional powers granted me as the Governor of Montana, I hereby veto House Bill 226, "an act to amend Section 94-9825, R.C.M. 1947, to provide for minimum salaries for parole officers employed by the State Board of Pardons of the State of Montana." I exercise this veto for the following reason.

The current appropriation to the State Board of Pardons authorizes an increase in all present salaries at the rate of 5%. In addition, the House and Senate Finance Committees have increased the appropriation for the Board of Pardons by \$75,000 for the next biennium in order that the Board may hire six additional parole officers. House Bill 226 will supersede the 5% salary increase for parole officers by establishing a minimum salary that is 16% to 24% above the current salary figures.

Furthermore, the Bill was approved by the Legislature without the benefit of a fiscal note. Information provided to me shows that the cost of paying the higher salaries authorized in this measure would amount to \$100,000 in the biennium. Clearly, the State Board of Pardons would have to set aside plans to hire six additional officers at a time when they are badly needed. The only other solution would be deficit spending on the part of the Board. This latter solution is completely unacceptable.

I have promised the people of Montana I would promote fiscal responsibility in state government. To sign this measure would mean I have failed to maintain that commitment.

Sincerely,

THOMAS L. JUDGE  
Governor

#### House Resolution No. 36

Introduced by Holmes, Gerke, Baucus, R. Harper, Turman, Kimble, Stoltz.

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE CONGRESS OF THE UNITED STATES OF AMERICA TO ENACT LEGISLATION EXTENDING THE COMMUNITY MENTAL HEALTH CENTERS ACT BEYOND JUNE 30, 1973; TO APPROPRIATE FUNDS FOR NEW FEDERALLY APPROVED STAFFING GRANTS; AND TO URGE THE PRESIDENT OF THE UNITED STATES TO SIGN SUCH EXTENSION INTO LAW AND RELEASE SUCH APPROPRIATION FOR APPROVED USE.

WHEREAS, the President in a press release on January 29, 1973, stated: "Over the past nine years, NIMH has stimulated the establishment of 515 community mental health centers across the country. This was the principal thrust of a movement to treat [person] persons with emotional illness near their homes, often on an outpatient basis, including care after a period of hospitalization, accompanied by consultation and education pro-

grams to avert breakdown. The aim was to move away from costly and ineffective long-term and custodial care in state mental institutions. The workability of the community mental health center concept has been thoroughly demonstrated and a large portion of a national system will have been put into place when the eight-year grants provided for in current law are concluded. The administration proposes that the Community Mental Health Centers Act be allowed to expire on June 30, 1973, on the ground that the current momentum behind the community mental health concept should be adequate to maintain existing centers and stimulate the establishment of new centers," and

WHEREAS, only 515 community mental health centers of the 2,000 envisaged for the United States have been established and only three of the five centers for the State of Montana have become operational, and

WHEREAS, it is not feasible to establish new centers in Montana without federal staffing support, and

WHEREAS, the State of Montana contains two of only 31 staffing grants under Part B of the Community Mental Health Centers Act approved for funding during fiscal 1972, but not yet federally funded.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States is requested to extend the Community Mental Health Centers Act beyond June 30, 1973, and to appropriate funds for new federally approved staffing grants; and the President of the United States is urged to sign the renewal act and to release appropriated funds for designated use.

BE IT FURTHER RESOLVED, that copies of this Resolution be sent to President Richard M. Nixon, the Honorable Mike Mansfield, Lee Metcalf, Richard Shoup, and John Melcher.

## MESSAGES FROM THE GOVERNOR

March 23, 1973

The Honorable Bill Christiansen  
President of the Senate  
State Capitol  
The Honorable Harold Gerke  
Speaker of the House  
State Capitol

Gentlemen:

In exercising the constitutional powers granted me as the Governor of Montana, I hereby veto Senate Bill 233, "An act amending Section 53-1020, R.C.M. 1947, to change the point of measurement of the allowable sound level for snowmobiles from fifteen (15) feet to fifteen (15) meters." I exercise this veto for the following reasons:

First, proponents of Senate Bill 223 have argued that by increasing the measuring distance for sound levels from fifteen feet to fifteen meters,

Montana's noise emission standards for new snowmobiles will be uniform with similar laws in neighboring states. While the need for uniformity may be desirable, this argument cannot override the State's duty to protect the health and welfare of its citizens. By increasing the measuring distance at which noise levels of new snowmobiles would be measured. Senate Bill 233 would in effect substantially increase the sound levels to which snowmobile operator, passengers and bystanders would be exposed. For example, the current noise standards for new snowmobiles provide that exposures to noise shall not exceed 85 decibels (dBA) when measured from a distance of fifteen feet. If the measuring distance were changed to fifteen meters, a person standing fifteen feet away from a new snowmobile would then be exposed to a sound level of 95.2 decibels (dBA). However, the operator of a new snowmobile which would meet the proposed fifteen meter standard would actually be exposed to a noise level of 120 decibels (dBA). By way of comparison, Federal Occupational Safety and Health Act (OSHA) standards prohibit exposure to sound levels of 120 decibels (dBA) for longer than seven and one-half minutes during any one working day.

Second, I have decided to veto Senate Bill 233 because technology now exists which would allow new snowmobiles to meet the stricter standards imposed by Montana law. At least three snowmobile manufacturers are now producing snowmobiles that can and do meet the 85 decibels (dBA) standard measured at a distance of fifteen feet. This standard places the burden of compliance where it belongs, with the manufacturer and not with the consumer.

Finally, I have vetoed Senate Bill 233 because the legislature will have under consideration in 1974 Senate Bill 318, the Montana Snowmobiles Act. This proposed legislation contains provision for the promulgation of noise emission standards and I believe that the change contemplated by Senate Bill 233 should be considered at that time.

Sincerely,

THOMAS L. JUDGE  
Governor
